UML Diagram for User Login System

User

- Integer id
- String username
- String password

- addUsser()
- getAllUsers()

UserLogin

-Integer id
-Integer userId
-String token
-status
-created_at

-generateToken()

UserDetails

-Integer id
-Integer userId
-String name
-String phone
-String email
-String linkedIn
-Date createdAt

-addDeatails()
-generatePDF()
-shortenURL()
